Auger Bucket

Eliminates backbreaking labor from mixing, transporting, and dispensing.

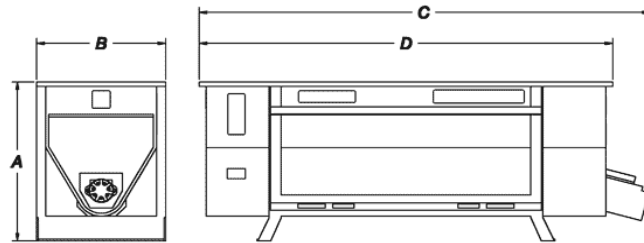

Concrete (up to 1" slump)
Wildlife Feed

Sand
Asphalt

Washed Gravel (3/4" max)
Agricultural Grains

- Reach difficult areas for footings, slabs, sidewalks, fence posts, sign post, deck posts, piers, etc.
- Fill sand bags.
- Prepare base for patios and sidewalks.
- Repair asphalt pavement.
- Dispense corn and other wildlife feed.
- Dispense grains for feed and barn lots.

Note: Product not in stock is subject to freight charges.

Auger Bucket Specifications			
Overall height (A)	27"	Hydraulic requirements	12 gpm / 2,000 psi
Overall width (B)	21-1/2"	Auger length	61-1/2"
Overall length (C)	74-1/2"	Auger diameter without rubber	4"
Overall bucket Length (D)	68-1/2"	Auger diameter with rubber	6-1/2"
Weight	380 lbs	Auger flighting spacing	4"

Features:

- 1/2 yard capacity is 22 bags (80 lbs ea) of premix of concrete. 3/4 yard capacity cable with optional hopper extensions.
- Accurate and controlled discharge— 1/2 yard in 50 seconds.
- Horizontal steel auger with Eaton hydraulic motor drive.
- Replaceable protective rubber flighting prevents binding of coarse material.
- Universal skid-steer attachment.
- Quick attach frame on either side allows right or left hand discharge.
- Self loading from loose piles.
- Excellent operator visibility.
- One-person operation.
- Can be ordered as a concrete mixer.
- 7 ft hose kit with flat face couplers included.
- Two multi-linked chutes (24" & 36" long) included

Auger Bucket			
Part Number	Description	Approx. Weight	LIST PRICE FRT EXTRA
11000	Auger bucket - Discharge Discharge auger for concrete, sand, washed gravel (3/4" max), agricultural grains, and wildlife feed. Includes multi-linked chutes (24" & 36" long) & 7 ft hose kit with flat faced couplers	410 lbs	\$ 5,869.00
11001	Auger bucket - Mixing Mixing & discharge auger for concrete, sand, washed gravel (3/4" max), agricultural grains, and wildlife feed. Includes multi-linked chutes (24" & 36" long) & 7 ft hose kit with flat faced couplers	412 lbs	\$ 6,285.00
11002	Auger bucket - Discharge with heavy service motor Discharge auger with heavy service motor for use with heavy or dry materials in extreme applications. Includes multi-linked chutes (24" & 36" long) and 7 ft hose kit with flat faced couplers.	410 lbs	\$ 6,242.00
11003	Auger bucket - Mixing with heavy service motor Mixing & discharge auger with heavy service motor for use with heavy or dry materials in extreme applications. Includes multi-linked chutes (24" & 36" long) and 7 ft hose kit with flat faced couplers	430 lbs	\$ 6,530.00
11004	Auger bucket - Sandbagging Discharge auger for concrete, sand, washed gravel (3/4" max), agricultural grains, and wildlife feed. Includes scraper blade to allow loading loose materials from pile, multi-linked chutes (24" & 36" long) & 7 ft hose kit with flat faced couplers	450 lbs	\$ 6,606.00
11005	Auger bucket - Asphalt Discharge auger with heavy service high temperature motor. Includes multi-linked chutes (24" & 36" long) and 7 ft hose kit with flat faced couplers.	430 lbs	\$ 6,791.00
