PALADIN 233 SERIES SNOW PUSH

The FFC **Snow Push**, by Paladin is engineered of heavy-duty, fully welded steel with 3/8" thick end plates to capture and remove even the heaviest snow without leaving windrows or spillover. For SSL, Compact Utility Loaders, Small Wheel Loaders and Backhoe Loaders.

- Moves large volumes of snow efficiently.
- Rubber edge standard on all models.
- Ideal for waste water, manure, feed lot and food cleanup.
- Optional Pull Back Kit draws back snow from buildings, fences and confined areas.
